

Entrada Therapeutics to Present at H.C. Wainwright 24th Annual Global Investment Conference

August 30, 2022

BOSTON, Aug. 30, 2022 (GLOBE NEWSWIRE) -- Entrada Therapeutics, Inc. (Nasdaq: TRDA), a biopharmaceutical company aiming to transform the lives of patients by establishing intracellular Endosomal Escape Vehicle (EEV™) therapeutics as a new class of medicines, today announced that Nathan Dowden, Chief Operating Officer, will present virtually at the H.C. Wainwright 24th Annual Global Investment Conference taking place September 12 – 14, 2022.

The company's presentation will be available to view beginning on Monday, September 12, 2022 at 7:00 a.m. Eastern Time on the Investor Relations section of the Company's website at www.entradatx.com. A replay will be available on the Entrada website for 90 days following the event.

About Entrada Therapeutics

Entrada Therapeutics is a biopharmaceutical company aiming to transform the lives of patients by establishing a new class of medicines, Endosomal Escape Vehicle (EEV™) therapeutics, to engage intracellular targets that have long been considered inaccessible and undruggable. The Company's EEV therapeutics are designed to enable the efficient intracellular delivery of a wide range of therapeutics into a variety of organs and tissues with an improved therapeutic index. Through its proprietary, highly versatile and modular EEV platform, Entrada is building a robust development portfolio of oligonucleotide-, antibody- and enzyme-based programs for the potential treatment of neuromuscular diseases, immunology, oncology and diseases of the central nervous system. The Company's lead oligonucleotide programs include ENTR-601-44 targeting Duchenne muscular dystrophy (DMD) and ENTR-701 targeting myotonic dystrophy type 1 (DM1).
